Urban District Council of Filey

Report of the Medical Officer of Health and Public Health Inspector

For the Year
1966

URBAN DISTRICT OF FILEY

ANNUAL REPORT

OF THE

MEDICAL OFFICER OF HEALTH

INCLUDING

REPORT

OF

PUBLIC HEALTH INSPECTOR

for the Year 1966

HEALTH COMMITTEE

Chairman:

Councillor A.A. Halifax

Members:

Councillor B.H. Bosomworth
Councillor R. Dale
Councillor G.R. Hall
Councillor G. Harrison

Councillor G.T.J. Jenkinson
Councillor D. Murton
Councillor T.A. Stevenson
Councillor R.C.O. Willis

Clerk of the Council:

K. HENDERSON, A.C.I.S.

Medical Officer of Health:

J.H. MAUGHAN, M.B., B.S., D.P.H.

Public Health Inspector:

J. STOREY, F.R.S.H., M.A.P.H.I.

Health Office,
Oxford Street
Bridlington.

May, 1967.

To the Chairman and Councillors,
Urban District of Filey.

Mr. Chairman, Lady and Gentlemen,

I have pleasure in presenting the Annual Report for 1966.

The Registrar General's figures for the year indicate a mid year population of 5,060 an increase of 230 compared with last year.

During the year there were 87 births and 78 deaths compared with 63 births and 49 deaths last year. The adjusted birth rate of the District of 23.38 compares favourably with the national birth rate of 17.7 per thousand population and the adjusted death rate of 10.95 also compares favourably with the national death rate of 11.7 per thousand population. There were no deaths of infants under one year of age.

On infectious diseases 82 cases of measles and 23 cases of whooping cough were notified during the year.

The Town's water supply continued as in previous years and 20 samples submitted for bacteriological examination all proved satisfactory. Sewage disposal also continued as previously, and during the year the conversion of 4 earth closets to the water carriage system cleared the last of these to be in use in the town.

On housing a further 129 new dwellings have been built by private enterprise making a total of 493 such houses being built during the last four years. Two new dwellings were built by the Council during 1966.

In presenting this report may I express my thanks to the staff of the Department for their work and help during the year, and also to the Chairman and Members of the Health Committee for their constant interest and support.

I am,

Yours faithfully,

J.H. MAUGHAN

Medical Officer of Health

GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA

HOSPITAL SERVICES

There are no hospitals in Filey. Hospital facilities are available at Scarborough and Bridlington.

Miniature Mass Radiography

The Miniature Mass Radiography Unit of the Leeds Regional Hospital Board visited Filey in May and held public sessions. A total of 429 persons were examined.

NURSING HOMES

There are no private Nursing Homes in the District.

NATIONAL ASSISTANCE ACT. 1948

Part III Accommodation

Accommodation is provided by the County Council at Burlington House, Bridlington, Danes Lea, Bridlington, "The Limes", Driffield and the Wold House, Driffield.

Section 47

It was not necessary to take proceedings under this section during the year.

LOCAL HEALTH AUTHORITY SERVICES - NATIONAL HEALTH SERVICE ACT. 1946

The following services are provided in the District by the East Riding County Council as the Local Health Authority:

Infant Welfare Clinic

An Infant Welfare Clinic is held in the Conference Hall on alternate Tuesdays from 2 p.m. to 4 p.m.

Domiciliary Midwifery Service

This service is run in conjunction with the Home Nursing Service. There is one District Nurse/Midwife residing and working in the District.

Health Visiting

One Health Visitor works in the Filey area, her office being situated in the Conference Hall (telephone number 2282).

Home Nursing Service

This service is run in conjunction with the Midwifery Service as indicated above.

Ambulance Service

The County Council's Ambulance Station is situated on Padbury Avenue, Filey (telephone Filey 2043).

Domestic Help

Home Help service which is rendered in the District is administered at County Hall, Beverley, and all applications for the service are dealt with by the Home Help Organiser (telephone number 0482 881281).

LOCAL EDUCATION AUTHORITY - SCHOOL HEALTH SERVICE

Routine medical inspections are carried out of all children attending Local Education Authority schools in the District. Head inspections of children in the primary schools is undertaken by the school nurse at the beginning of each term.

Immunisation against diphtheria, tetanus and poliomyelitis and B.C.G. Vaccination is made available to children in school.

OTHER LOCAL AUTHORITY SERVICES

Buckrose Health Division Co-ordinating Committee

Once every two or three months a co-ordinating Committee, under the aegis of the County Council, meets in Bridlington to co-ordinate the work of officers in the district who are concerned with the welfare of children. The primary objects of the Committee are the prevention of cruelty to children in their own homes and the prevention of break-up of families.

On the Committee are representatives of the County Children's Department, the County Health Department, the School Welfare Department, the County Welfare Department, the Housing Managers of the District Councils, the National Assistance Board, the National Society for the prevention of Cruelty to Children, the Women's Voluntary Service, Probation Officers, and a Marriage Guidance Counsellor. Representatives of other organisations are co-opted from time to time as the need arises. Your Medical Officer of Health in his capacity as Divisional Medical Officer takes the Chair of the Committee.

PUBLIC HEALTH LABORATORY

Specimens for bacteriological examination are sent to the Public Health Laboratory of the Medical Research Council at Hull.

VOLUNTARY ORGANISATIONS

Women's Royal Voluntary Service

The W.R.V.S. undertakes the sale of welfare foods for infants at the Conference Hall each Friday 9.30 a.m. to 11.30 a.m. and also at each Infant Welfare Clinic.

They also administer a Meals on Wheels service, a Chiropody service, a Darby and Joan Club and at 19 Queen Street an Old Persons Centre.

NATIONAL SOCIETY FOR THE PREVENTION OF CRUELTY TO CHILDREN

Filey lies within the North East Yorkshire Branch of the National Society for the prevention of Cruelty to Children and cases requiring the services of the Society are visited by Inspector White working from Scarborough. Inspector White's work is much appreciated by those of us in Filey concerned with child welfare.

SANITARY CIRCUMSTANCES OF THE AREA

GENERAL

Building activity has continued at a fairly high level, and 131 new dwellings have been completed during the year. Two of these were old peoples bungalows built by the Council. The majority of the dwellings were bungalows but there was a good proportion of mixed development on the estate adjoining Scarborough Road.

Two business properties are still occupied in the area encompassed within the Providence Place Re-development scheme, but once a contract has been accepted there should be no hold up to the commencement of the scheme.

The conversion of the earth closets to the Water carriage system at the Station Cottages has been completed and no earth or pail closets are now in use within the built up area of the township.

FOOD & DRUGS ACT 1955

(a) Milk Supplies - Brucella Abortus

No samples of raw milk were taken by the department for examination for Brucella Abortus.

(b) The Regional Egg (Pasteurisation) Regulations 1963.

There is no egg lasteurisation plant within the district.

(c) Food Hygiene (General) Regulations 1960

PRESERVED FOOD - REGISTERED PREMISES

8 premises are registered in the district, 8 inspections were made and the standard was found to be satisfactory.

THE ICE CREAM (HEAT TREATMENT ETC) REGULATIONS

43 premises are registered under the Food & Drugs Act for the sale of Ice Cream. At the majority pre-packed Ice Cream is sold from Cabinets, but "soft" Ice Cream is still gaining in popularity and constant vigilance has to be kept to ensure that the machines are properly cleansed and sterilised. One establishment manufactures its own Ice Cream using heat treatment in accordance with the regulations. Twelve samples were submitted to the Public Analyst with the following results:-

<u>Grade 1</u>	<u>Grade 2</u>	<u>Grade 3</u>	<u>Grade 4</u>
10		2	Nil

MILK SUPPLIES

The Registration of Milk Dealers and Producers is now carried out by the County Authorities and we are informed of any additions to, or deletions from the list. There is one Dairy in the district which maintains a high level of cleanliness and efficiency. Ten samples of milk were submitted to the Public Analyst and all proved to be satisfactory.

UN SOUND FOOD - FOOD & DRUGS ACT 1955

The following is a list of the unsound food excluding meat from the slaughterhouses, surrendered and disposed of by the Local Authority:

<u>Food</u>	<u>Weight</u>	
	<u>cwts</u>	<u>lbs</u>
Cooked meat and meat products		12
Canned Meats	2	30
Fish		40
Fruit and Vegetables	1	13
Other Foods		42
	4	95

SLAUGHTERHOUSES

There are two licensed slaughterhouses in the district serving the needs of two local butchers. One is limited to the slaughter of sheep and pigs only. Both premises have been conducted in a satisfactory manner throughout the year.

MEAT INSPECTION

All carcasses slaughtered at the slaughterhouses have been inspected and stamped in accordance with the Meat Inspection Regulations 1963. The quality of the animals slaughtered has been consistently good.

The rest of the meat sold within the district is principally slaughtered at Driffield or the Public Abbatoir at Seamer.

Carcases and Offal Inspected & condemned in whole or in part

	Cattle excluding Cows	Cows	Calves	Sheep & Lambs	Pigs
Number killed	50	Nil	Nil	760	Nil

Meat at Slaughterhouses surrendered or condemned

92 lbs.

WATER SUPPLY

The Urban supply now forms part of the East Yorks (Wold Area) Water Board. The water which was satisfactory both as regards quantity and quality is obtained from boreholes in Filey. Twenty Bacteriological samples were submitted to the Public Health Laboratory and all conformed to Class I Ministry of Health Classification.

The following is a chemical Analysis of the water:-

Raw Water Ex Borehole

$\begin{matrix} \text{H} \\ \text{P} \end{matrix}$	Value	$\begin{matrix} 7.5 \\ \text{Parts per Million} \end{matrix}$
Free Carbon Dioxide		8.5
Free Ammonia as N		0.280

Treated Sample :-

Free Carbon Dioxide	8.0
---------------------	-----

SWIMMING POOLS

The swimming pools at Butlins Camp and Primrose Valley received periodic visits during which the changing accommodation and filtration plants were inspected. Samples of water were submitted to the Public Analyst for bacteriological examination.

CARAVAN CAMPING SITES

The three licensed camping sites together with the Caravan Club site have on the whole been operated in a satisfactory manner throughout the year.

A Contravention of the terms of the site licence was observed at one of the Camps where touring caravans had been permitted to park on a recreation space. The manager complied with a request to remove the caravans within 24 hours.

PREVENTION OF DAMAGE BY PESTS ACT 1949

Number of Visits by Rodent Operator	261
" " premises baited	99

Test baits were laid in several sewers, but no evidence of infestation was observed and a full scale baiting of sewer manholes was not carried out.

The Refuse Tip and other possible breeding places have been regularly inspected and baited.

REFUSE COLLECTION AND DISPOSAL

The salvage scheme which was introduced in August has not met with the response from the traders that was anticipated. Indeed very few keep their clean paper and cardboard separate and little attempt has been made to compress the bulk and facilitate collection and handling. A separate collection is made from all premises who contribute to the salvage effort, and this reduces the pressure on the regular Refuse Collection teams. Over recent years more than 400 new houses have been added to the collection rota and as we are still employing the same number of men on collection and disposal, plus the fact that over the same period of time the hours of the working week have been reduced, some system had to be adopted, which aided the regular crews. The salvage scheme has helped in two ways (a) by collecting from many of the shops previously visited by the freighters and (b) by reducing the bulk to be disposed of at the tip.

Throughout the main part of the year two side loading freighters and six men are employed on the collection of refuse, but during the summer period an additional freighter with two men augments the regular team and is employed mainly on holiday camp collection, but also assists in collecting the town refuse. Very few complaints have been received in connection with this service and in comparison with many towns and districts who have no seasonal increase in refuse, but experience great difficulty in recruiting labour, we can count ourselves fortunate.

One man and an excavator are employed almost full time at the tip, where controlled tipping is the method of refuse disposal. Practically the only covering material we have been able to obtain has been clay, and this has led to considerable difficulty at the tip during wet periods. Periodic dusting with insecticide has reduced any nuisance from flies and other insects.
